Subject: Sumitomo Metal Mining LLC – Pogo Mine Incinerator Test Report

Dear Sally,

AECOM Technical Services, Inc. (AECOM) is pleased to provide you with the attached (1 hard copy and 1 CD) of the Sumitomo Metal Mining Pogo LLC Unit 412 Incinerator Test Report. The enclosed test report provides the results of the refinery test program performed September 29 through October 2, 2013. Three hard copies and three electronic copies (CD's) were sent to Mike Short. If you have any questions or require further information regarding the attached test report please contact me at (970) 420-0602 or the e-mail address listed below. Thank you for your consideration.

Best regards,

John S. Rosburg
Emissions Measurements Manager
